THE LEGEND
GLORY & ETERNITY

Part of The Legend

With **The Legend**, BLOQ introduces a carpet tile collection that captures the beauty of time and texture in contemporary interior design. Supported by full vertical integration and in-house yarn production, BLOQ guarantees high-quality craftsmanship, ensuring durability and excellence for high-end retailers and design enthusiasts alike.

The Legend Collection features mature, natural tones with a subtle patina – colours reminiscent of weathered, chalked houses and timeless rural barns. This collection offers a calm, harmonious aesthetic through 50 × 50 cm tiles, providing depth, softness, and character in equal measure.

THE LEGEND

GLORY & ETERNITY

Inspiration
is everywhere

Two designs, one timeless story

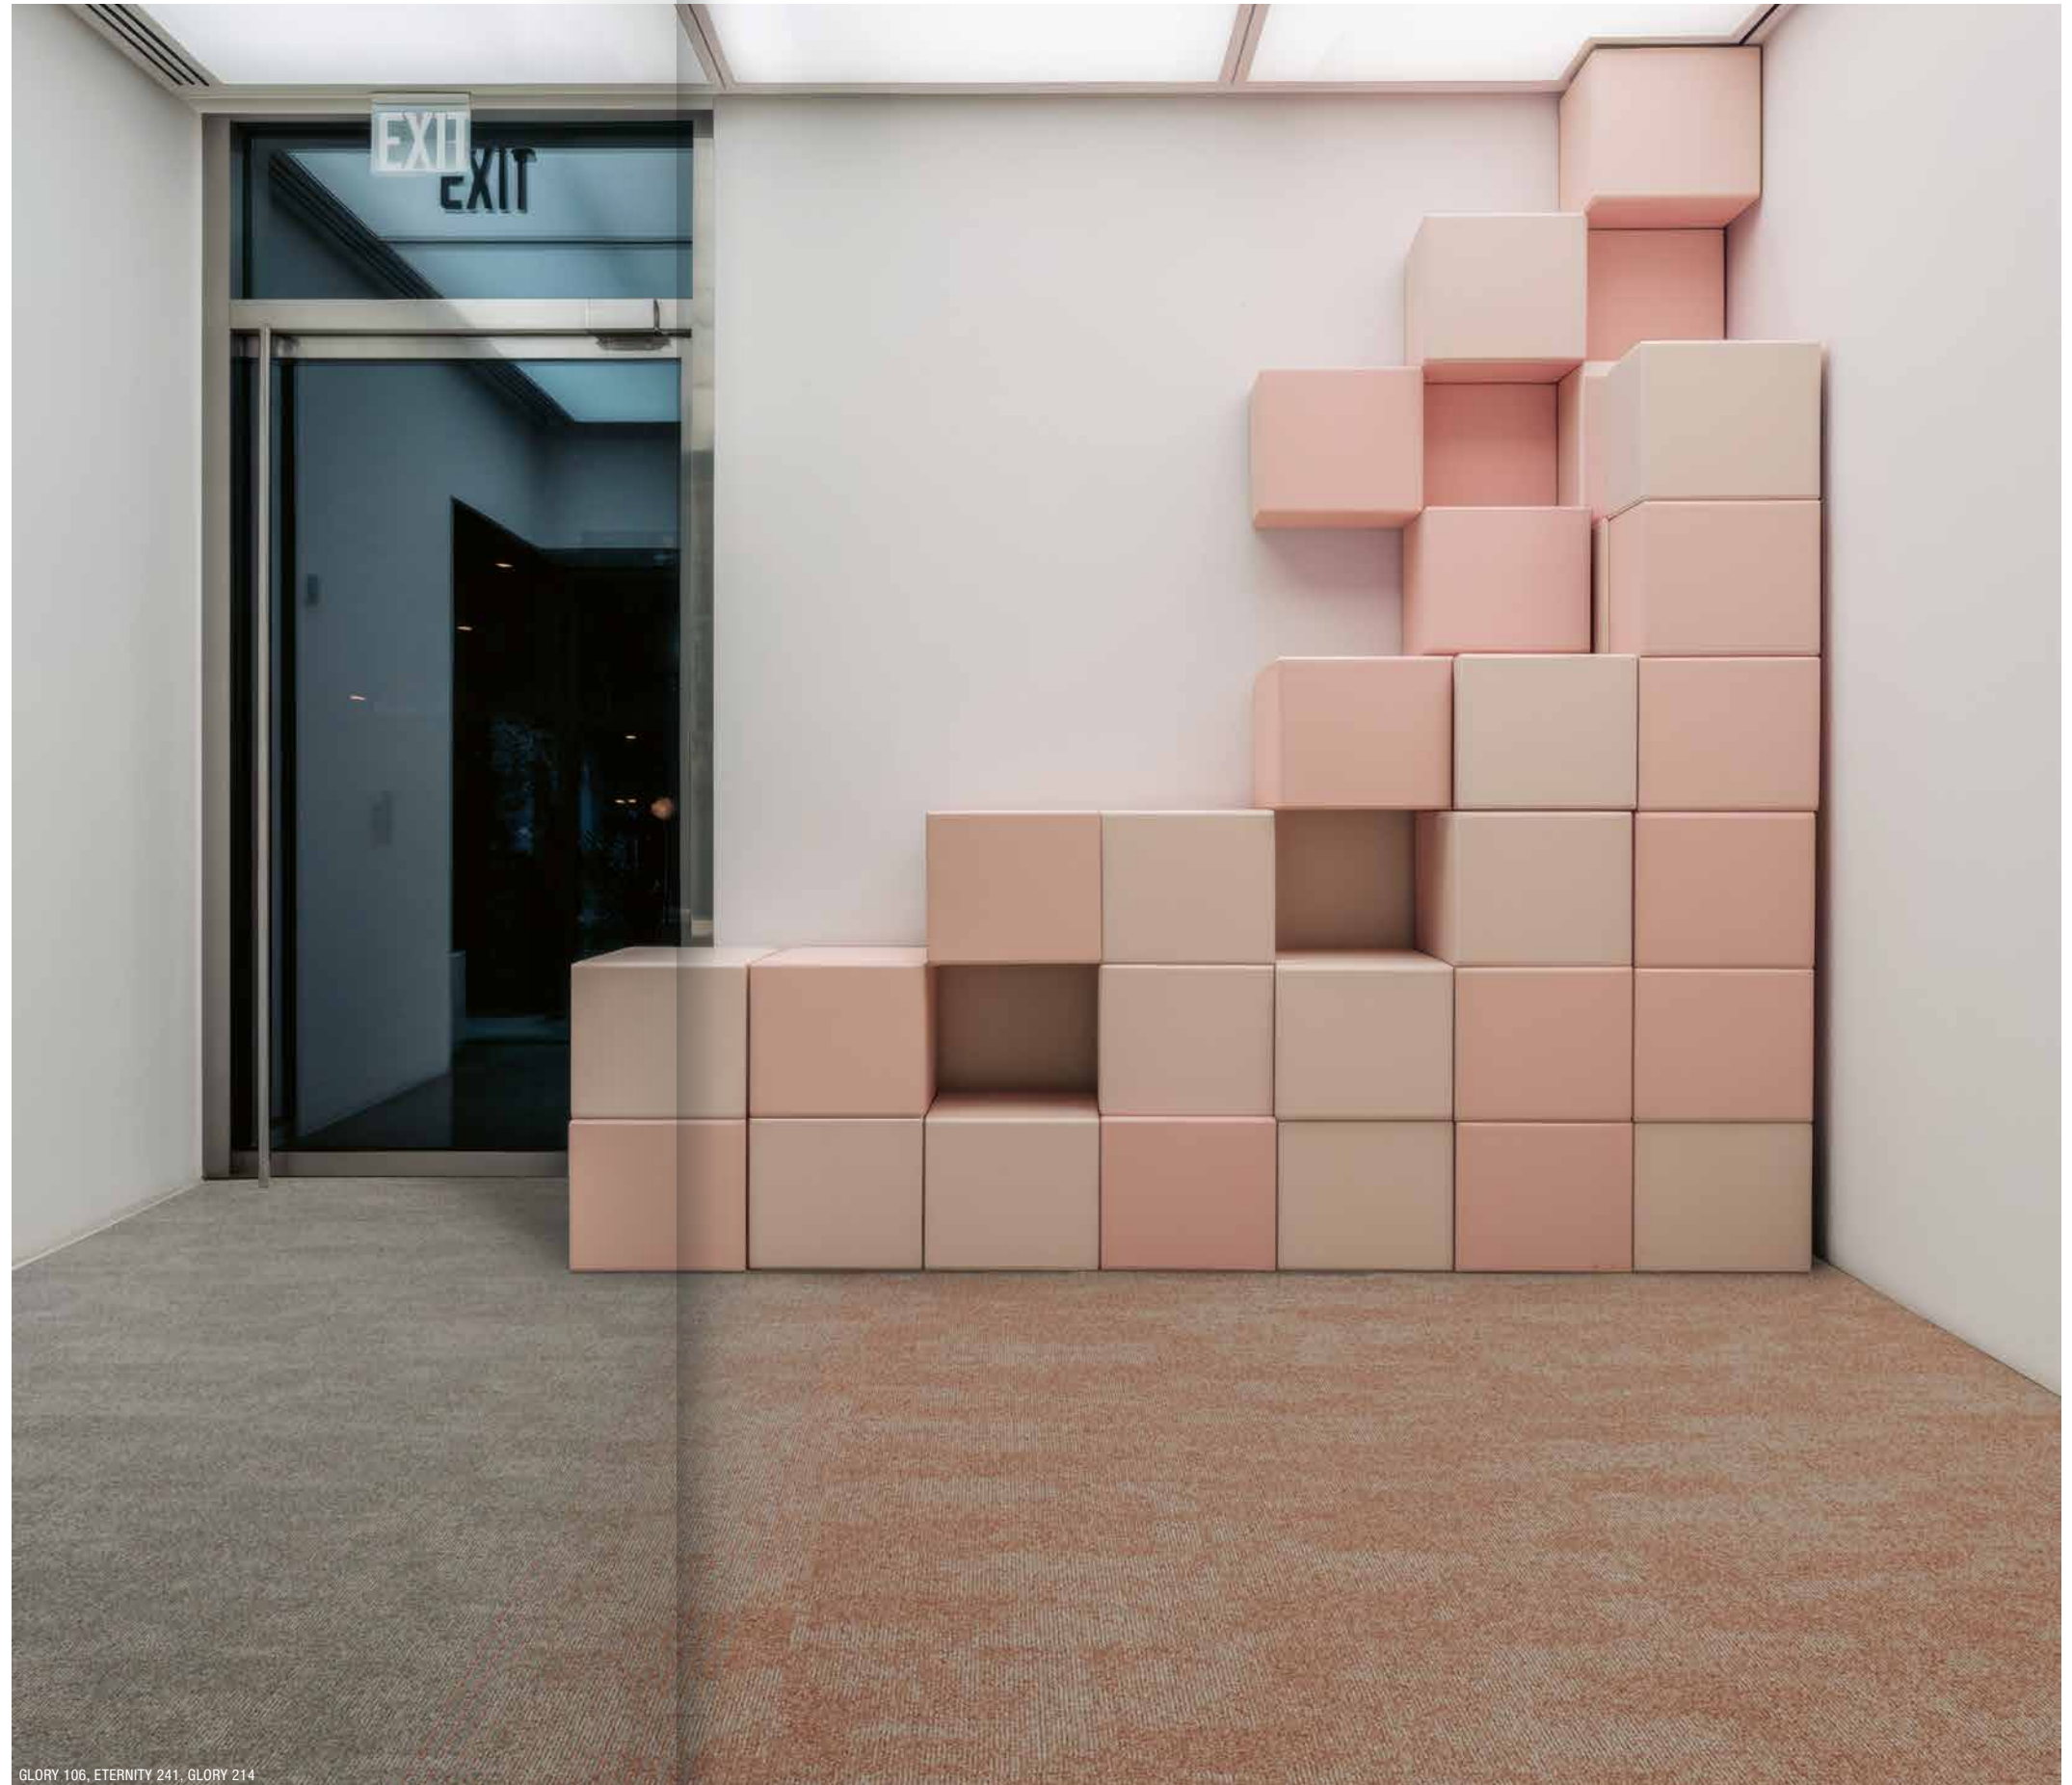

At the heart of the collection lie two distinct designs, each interpreting aged, architectural beauty in its own way: GLORY, featuring a softly eroded, pastel-infused texture, and ETERNITY, which incorporates a refined transition-stripe pattern for gentle zoning and flowing colour movements within the interior.

GLORY

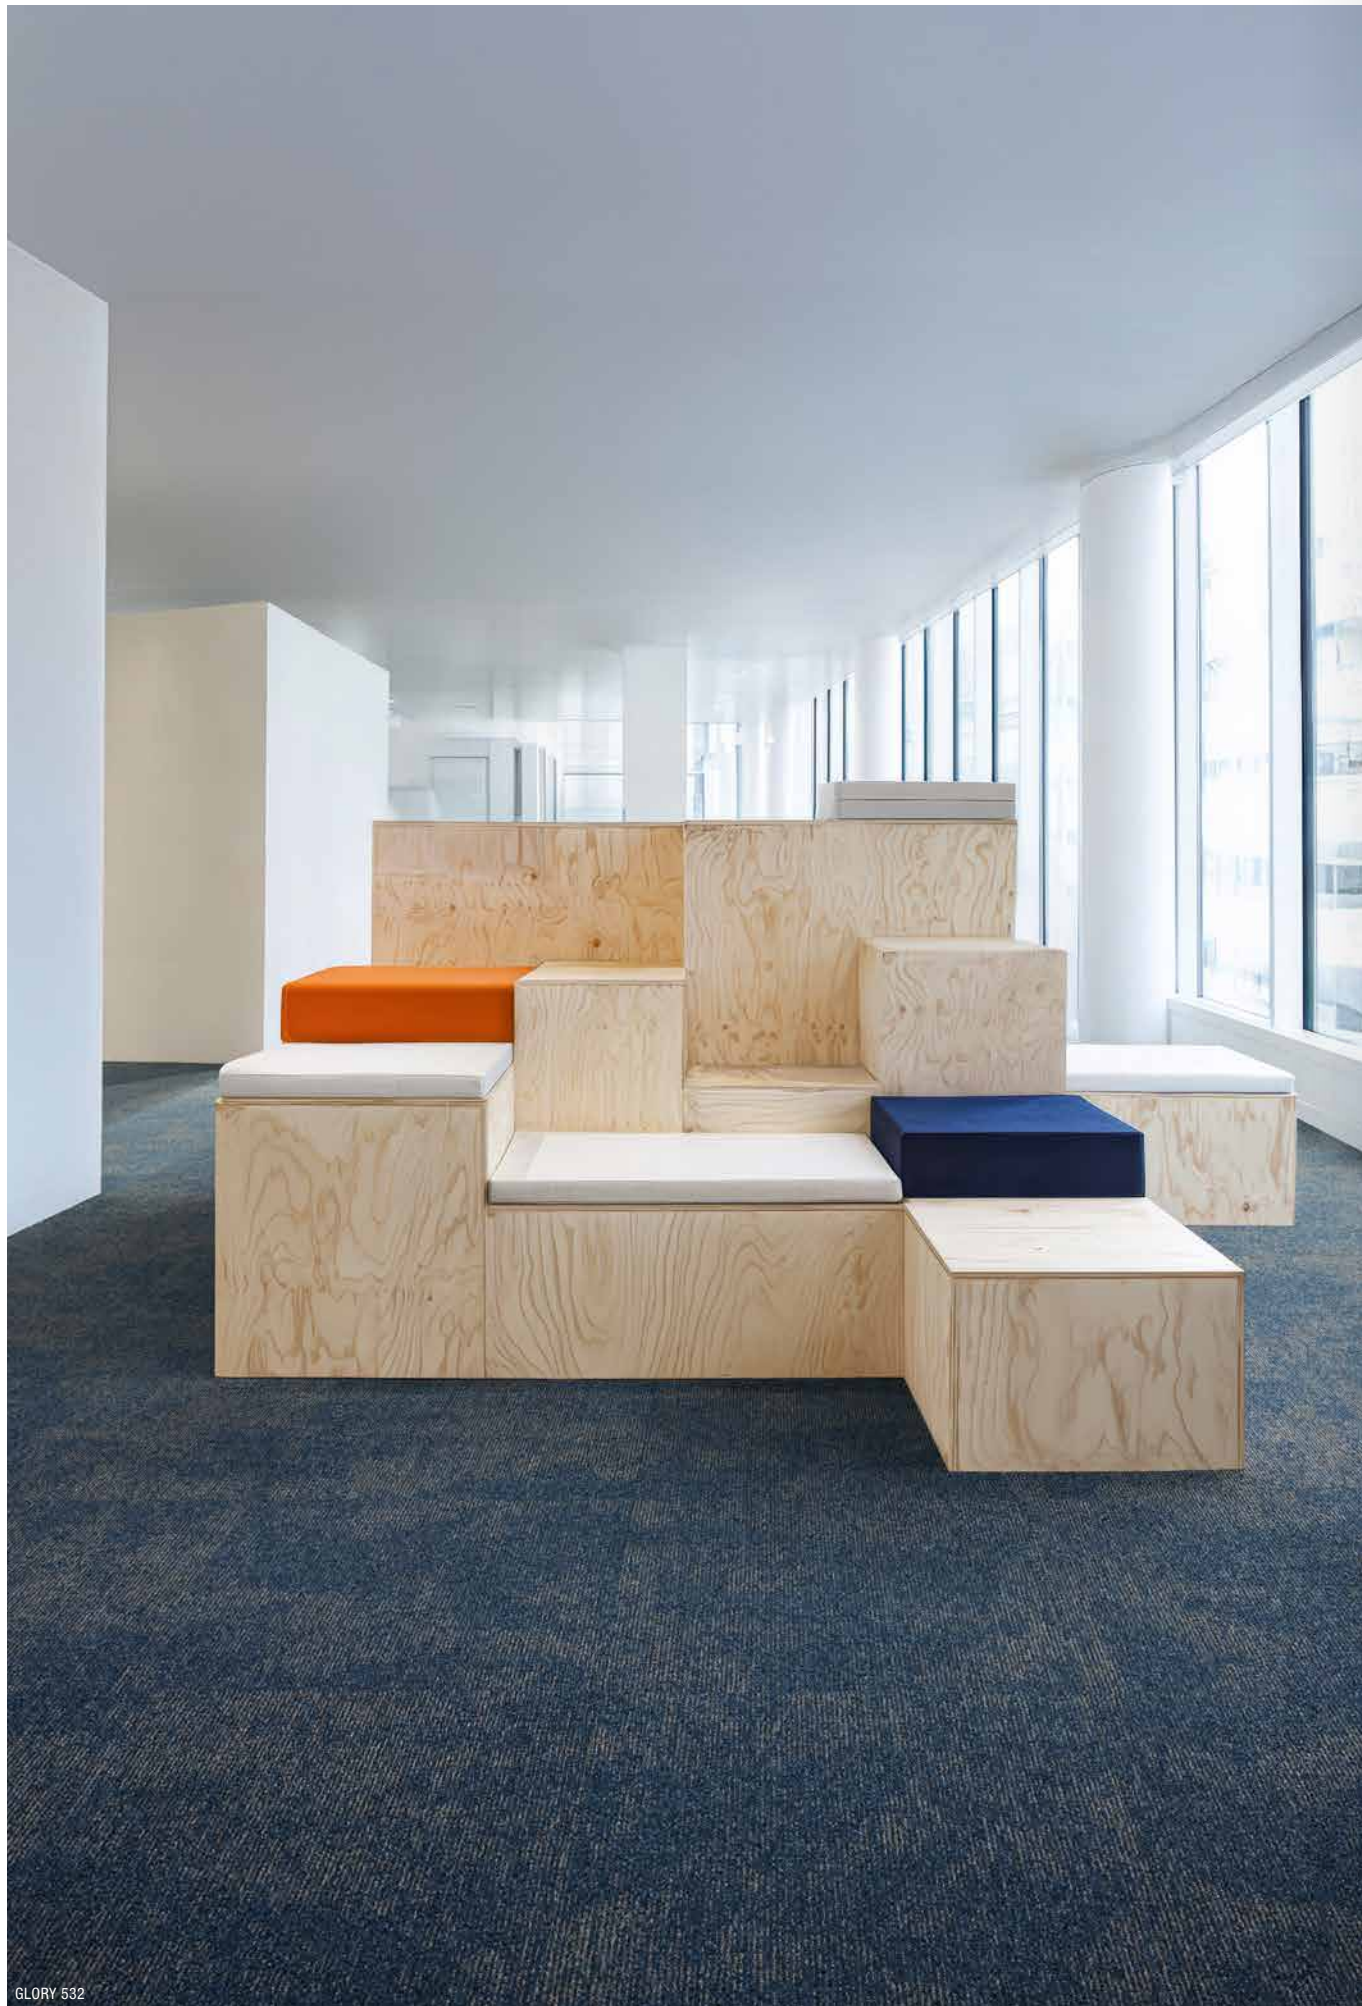

GLORY captures the poetic charm of a worn, limewashed surface, built on a muted grey foundation enhanced with delicate pastel accents. Its organic, textured expression creates a serene backdrop that suits both minimalist and expressive interiors. Available in 11 colours, GLORY offers versatility with a quietly artistic edge.

ETERNITY

ETERNITY shares GLORY's beautifully weathered base, but adds a refined transition-stripe overlay. This thoughtful detailing enables gentle colour flows and natural zoning within office or hospitality spaces, allowing designers to shape interiors with subtle guidance and spatial clarity. Available in 7 colours, ETERNITY enriches any layout with movement and depth.

Apart or together

GLORY and ETERNITY work beautifully on their own, but combining them allows you to create subtle transitions and intuitive zoning within any interior.

Colour range

GLORY offers **11 colours** that range from soft pastel hues to deeper natural tones, each featuring the elegant character of a refined patina. These shades blend seamlessly with the **7 ETERNITY transition tiles**, which showcase a subtle striped pattern to guide the transition between colours. Together, they create a harmonious, natural gradient that beautifully complements the wider BLOQ collections.

Dare to mix

The combined use of GLORY and ETERNITY is particularly effective in large landscape interiors, where multiple transitions and subtle zoning can be achieved with effortless fluidity.

Two seamless transitions

Highlights

BITBACK

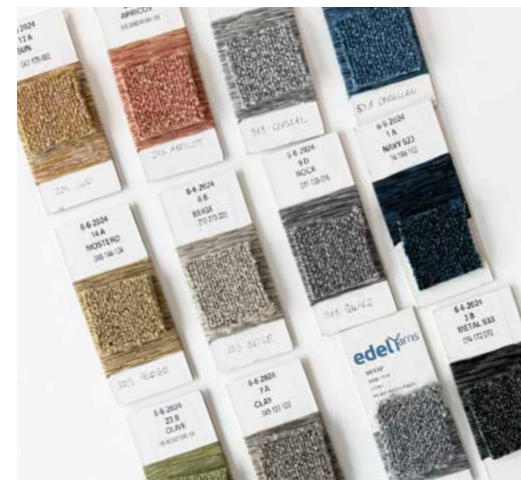

BLOQ uses **Bitback**, Modified Bitumen, which consists of 70% recycled content.

Tiles made with Bitback deliver great acoustic results such as **high sound absorption and insulation**, as well as **noise reduction**. Therefore carpets made with this sustainable backing contribute substantially to personal health and comfort.

SOLUTION DYED YARNS

BLOQ utilises **100% solution-dyed nylon** made from Polyamide 6. By using solution-dyed yarns, the colours are embedded directly into the fibre, providing superior colour fastness and excellent resistance to light and water. This results in a product that performs exceptionally well and lasts a long time.

LIGHT REFLECTANCE VALUES

Light Reflectance Value (LRV) is a measurement scale for visible and usable light that is reflected from an illuminated surface. The percentage indicates how much light a colour reflects or absorbs; 0% reflects no visible light, while 100% reflects all light.

ETERNITY	LRV _{av}	L
241	21.04	52.99
242	21.67	53.67
243	15.18	45.87
533	12.82	42.49
609	19.21	50.93
